2007 Ohio Energy Project Bookmark Contest: This is an art/science contest supported by the Office of the Ohio Consumers Counsel and the Ohio Energy Project. This state-wide contest was made available to over 1,000 schools in the state of Ohio. The premise was to design a bookmark that promoted alternative energy resources in Ohio and submit an essay that explained the respective design. Contestants from grades 4-12 and from all around the state submitted bookmarks and essays.
The best in the state for the grade 5 division of the 2007 Ohio Energy Project's Bookmark Contest is **Mia Mastroianni**. Mia will receive an award at the Youth Energy celebration on May 15th at the Ohio State University Fawcett Center. As well, her bookmark will be published and displayed throughout the state beginning next school year.
